**IN 2002, AFTER NEGOTIATING WITH MANY OF**

**THE**

1. **EXPERIMENTAL APPARATUS.** The control signal was divided into 2 channels: 1 channel - to the actuator of the piezoelectric transducer, 2 channel - to the piezoelectric transducer.
2. **EXPERIMENTAL PROCEDURE.** The piezoelectric transducer was connected to the piezoelectric transducer.
3. **EXPERIMENTAL RESULTS.** The piezoelectric transducer was connected to the piezoelectric transducer.
4. **CONCLUSIONS.** The piezoelectric transducer was connected to the piezoelectric transducer.
5. **REFERENCES.** The piezoelectric transducer was connected to the piezoelectric transducer.
